

Industrial design to adapt harsh environment

Industrial grade chip and components

EMC certification

-40~85°C wide operating temperature

IP40 protection

Safe & reliable network to eliminate packet loss

SW-Ring ring redundancy technology

Intelligent cache, fast forward, no packet loss

Access control list
User privilege classification

Centralized MAC and 802.1x authentication

Easy to use and maintain

Compact design to save application space

Din-rail mounting
panel mounting, rack mounting

Port mirroring/
QoS/
remote upgrade

CLI / Web / TELNET operation
and maintenance management

3onedata

Boot in

Second

Industrial Ethernet Switches

Focus on industrial communication for 20 years
Applied in automation, smart city, rail transit, new energy and other field
